EDUCATION

Bachelor's of Technology Vellore Institute of Technology Current CGPA : 9.03/10.0 Expected 2028	Resonance Jr College 11 th & 12 th (MPC) Percentage: 95.3% 2022-2023	Vishwabharathi High School 10 th Class GPA: 10.0/10.0 2020-2021
--	---	---

SKILLS & ABILITIES

TECHINICAL SKILLS:

Programming	Java, Python, C, C++, C#, R
Web Dev	HTML, CSS, JavaScript, React
Developer Tools	VS Code, GitHub, Matlab, Keil ARM

- Problem-solving
- Teamwork and Team management
- Computer skills
- Collaboration

PROJECTS & RESEARCH

- **Controlled Anomaly Realm (Game) – Capstone Project**
Controlled Anomaly Realm is a puzzle game where players progress through levels by selecting tiles on a grid while following changing rules and restrictions. Each level introduces new challenges that test logical thinking, strategy, and pattern recognition.
Role: UI/UX Design , Front-End Development.
- **Muscle Reflex and Driver Drowsiness Detection System (In Progress)** Working on a research concept that combines muscle reflex monitoring with behavioral indicators to detect fatigue and reduced alertness. The system aims to identify early signs of driver drowsiness by analyzing limb movement and response patterns, helping improve road safety and prevent accidents.

ACCOMPLISHMENTS

- International Mathematics Olympiad (IMO) – Level 2 Qualifier: Demonstrated strong analytical and problem-solving skills in mathematics.
- Under-14 State Level Cricket Player (Telangana) – Represented as a Batsman and Wicket-keeper, showcasing teamwork and competitive sports experience.
- Second Place – Create-A-Thon 3.0 (graVITas'24), Vellore Institute of Technology – Designed a game concept including storyline and mechanics within 24 hours during a hackathon.
